

## Connettore di derivazione "C"

| Codice articolo | Conduttore passante (mm2) | Conduttore derivato (mm2) |
|-----------------|---------------------------|---------------------------|
| C6-C6           | 2.5 - 6.0                 | 1.5 - 6.0                 |
| C10-C10         | 10                        | 1.5 - 10.0                |
| C16-C16         | 16                        | 1.5 - 16.0                |
| C25-C10         | 16 - 25                   | 1.5 - 10.0                |
| C25-C25         | 25                        | 16 - 25                   |
| C35-C16         | 35 - 40                   | 1.5 - 16.0                |
| C35-C35         | 35 - 40 & 50              | 25 - 40 & 10 - 25         |
| C50-C25         | 50                        | 4 - 25                    |
| C50-C50         | 50                        | 35 - 50                   |
| C70-C25N        | 63 - 70                   | 1.5 - 25                  |
| C70-C25N-ST     | 63 - 70                   | 1.5 - 25                  |
| C70-C35         | 50 - 70                   | 4 - 40                    |
| C70-C70         | 50 - 70                   | 35 - 70                   |
| C95-C35         | 95 - 100                  | 4 - 40                    |
| C95-C70         | 95 - 100                  | 40 - 70                   |
| C95-C95         | 95 - 100                  | 63 - 100                  |
| C120-C120       | 110 - 125                 | 25 - 125                  |
| C150-C120       | 150 - 160                 | 25 - 125                  |
| C150-C150       | 150                       | 63 - 150                  |
| C185-C95        | 185                       | 16 - 100                  |
| C185-C185       | 120 - 185                 | 120 - 185                 |
| C240-C120       | 150 - 240                 | 95 - 120                  |
